Vertical Garden at Vaishali

Introduction

At Sukriti, we specialize in creating transformative architectural and interior design solutions that reflect sophistication, functionality, and cutting-edge innovation. Founded with a commitment to excellence, we have evolved into a recognized leader in the field, delivering unique designs that blend aesthetic beauty with practical functionality.

Our team of passionate architects and interior designers work in harmony to bring our clients' visions to life, offering personalized services that are tailored to meet both their style and needs. We believe that great design has the power to improve lives, elevate experiences, and define the spaces where people live, work, and play.

Embodying this philosophy, the Sukriti Team collaborates closely with clients and designers throughout the project lifecycle, from initial planning and budgeting to the meticulous attention to finishing details. Abhishek and Babita, our esteemed experts, are dedicated to providing clear and accurate advice while diligently following instructions, ensuring that no detail, no matter how small, is overlooked.

Our esteemed clientele includes a wide array of corporations, firms, houses, and offices, reflecting our commitment to excellence in every project we undertake. At Sukriti, we believe in creating spaces that foster effective communication and collaboration, thereby optimizing business processes to enhance performance while minimizing associated costs.

Our comprehensive solutions seamlessly integrate physical space with furniture and workspace technology, empowering organizations to operate more efficiently. Furthermore, we prioritize the well-being of our clients by designing environments that reflect their brand values and inspire and motivate individuals within the space.

In addition to our acclaimed services, **Sukriti was recognized as one of the 10 most promising Hospital Architecture service providers in 2019**. Furthermore, our team members have had the honor of serving as **esteemed jury members for two consecutive years at the Acetech exhibition in 2021 and 2022**, further solidifying our reputation as industry leaders.

Our Philosophy

Design Excellence.

We strive to push boundaries, create stunning, timeless designs, and use materials that enhance the built environment. Whether for residential, commercial, or hospitality projects, our designs tell a story and provide lasting impact.

Sustainability.

Incorporating environmentally conscious practices and materials is at the core of our approach. We aim to create spaces that are as sustainable as they are beautiful, ensuring our designs stand the test of time in every sense.

Innovation.

We embrace the latest technologies and trends to ensure our designs reflect the future. By continuously evolving and staying ahead of industry standards, we offer our clients solutions that are both modern and efficient.

Celebrating the Legacy of Abhishek : A Visionary Architect and Inspirational Leader

Ar. Abhishek Srivastava

Founder, Director, Mentor

The founder of the firm, Sukriti, Abhishek is not just an architect; he is a trailblazer whose visionary designs have transformed the architectural landscape of India. With over 25 years of unwavering dedication to his craft, he has amassed a wealth of accolades and recognition, solidifying his status as a luminary in the field.

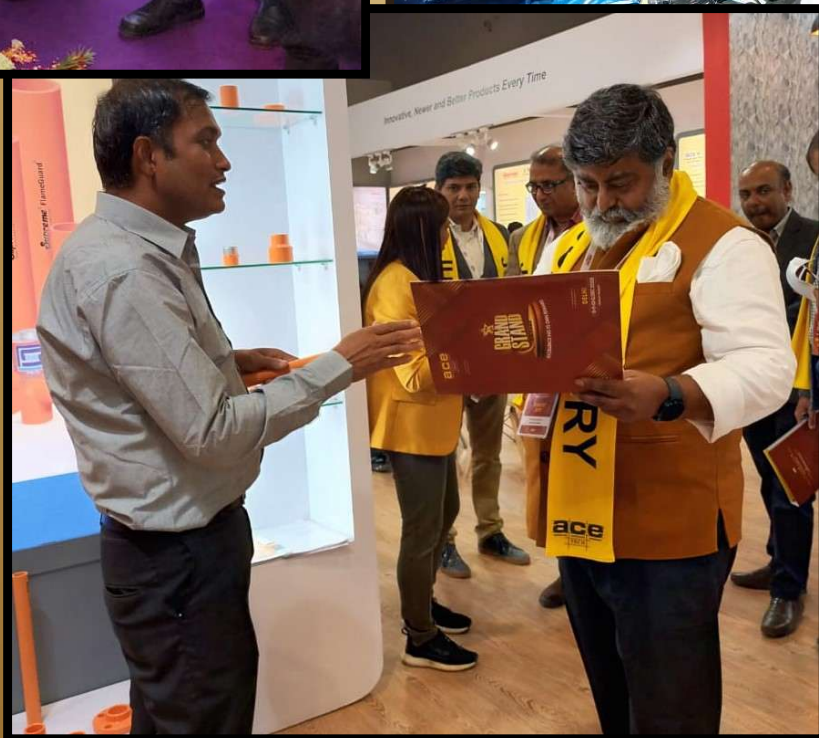

With over 25 years of illustrious experience in the field of architecture and interior design, Abhishek stands as a beacon of excellence and innovation in the industry. His stellar career trajectory is marked by a diverse portfolio encompassing a plethora of architectural and interior projects, ranging from high end residential designs to large-scale commercial complexes like Hospitals, Hotels, corporate offices, waste management projects and housings.

His passion about designing sustainable, quality environments which create and deliver value for his clients was put into practice from the first project “The Ashok Paper Mill” for which he was given an honorable mention. He has also been involved in various prestigious projects and actively involved in various seminars & workshops of prestigious organization like “SULABH INTERNATIONAL”. He has also worked as a consultant with IL&FS , DTC, IICC, PEARL ACADEMY, LOREAL, ANSAL GROUP, SHANKARA INSTITUTES, ABC CONSULTANTS.

His commitment to excellence and innovation has garnered him prestigious honors from various esteemed institutes. Abhishek has been recognized as a pioneering figure in hospital design, with his work acclaimed as one of the best hospital service providers in India. His designs have redefined healthcare spaces, prioritizing functionality, patient comfort, and aesthetic appeal.

His academic background is as impressive as his professional accomplishments. This academic rigor, combined with his hands-on experience, has endowed him with a holistic understanding of architecture, allowing him to approach each project with a unique blend of creativity, pragmatism, and technical expertise.

Abhishek is not just a practitioner of architecture; he is also a revered figure in academia, sharing his wealth of knowledge and experience with the next generation of aspiring architects. As a guest lecturer in numerous prestigious institutes, he has inspired and mentored countless students, imparting invaluable insights and fostering a culture of innovation and excellence.

In the realm of academia, Abhishek's contributions are equally profound. His interior design institute has been honored as the iconic brand of the year, a testament to his commitment to nurturing talent and fostering excellence in the next generation of designers. Through his mentorship and guidance, he has shaped the future of interior design, instilling in his students a passion for creativity and innovation.

Moreover, Abhishek's influence extends beyond the confines of his profession. His reputation as a thought leader and visionary has led to invitations to prestigious events such as the lamp lighting ceremony by ACETECH for a medical exhibition at Pragati Maidan. This recognition underscores his status as a luminary whose expertise is sought after not only in architectural circles but also in broader industry forums.

Abhishek's journey is not just defined by his professional achievements; it is also marked by his unwavering dedication to his craft, his tireless pursuit of excellence, and his commitment to making a meaningful impact on the world around him. As he continues to push the boundaries of architectural innovation and inspire those around him, he remains a shining example of what it means to be a true visionary in the world of architecture.

Dr. Ar. Babita Srivastava is a distinguished architect, educator, and entrepreneur with over 25 years of experience in architecture and design. She is the Founder and Director of Sukriti Professional Academy and Sukriti Architecture & Interiors, institutions dedicated to advancing design education and practice.

Dr. Ar. Babita Srivastava
Co-founder, Director Interiors

Her commitment to sustainable design is evident in her research on species interdependency and biodiversity, furthering ecological interconnectedness in design practices. As an author, her guidebook, "My Own Career Designer," empowers students to navigate career challenges and make informed decisions.

Throughout her career, Dr. Srivastava has led over 1,000 prestigious projects across various sectors, including healthcare, residential, corporate, and hospitality. Her work is characterized by a commitment to merging art with functionality, enhancing lives through thoughtful design.

Dr. Srivastava's vision for the future includes creating a global hub for design education where innovation, sustainability, and creativity thrive. She actively collaborates with industry leaders and organizations, including the Council of Architecture and the Indian Institute of Architects, to advocate for sustainable and inclusive design practices.

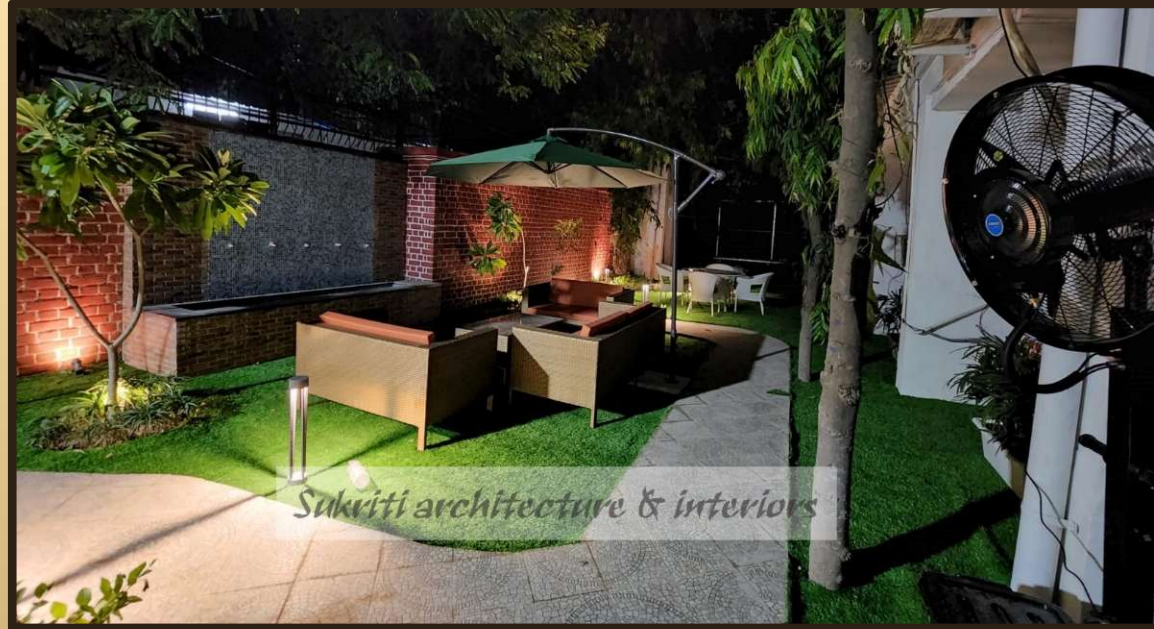

Her journey reflects a relentless pursuit of excellence, a passion for design, and a commitment to nurturing the next generation of architects and designers. She is a member of woman construction council-WICCI, Club NPC and WHRPC.
